Important! Please Read Below:

Thank you for supporting The Klein High School Bearchat Newspaper. The funds from advertising sales helps pay for all journalism computer technology, cameras, etc. The advertising staff pledges to produce a quality advertisement. The buyer, in signing the ad contract, realizes the newspaper is planned, created and produced by students in grades 9 through 12 who are not professionals and are in the learning atmosphere. Errors can and will occur. The buyer guarantees payment for the advertisement to accompany the signed contract. Contracts will be valid upon receipt of payment. . All pictures will be sent to the publisher and may or may not be returned upon book delivery. The ad staff urges "one of a kind" photos should have a clear copy of the original made in it's place. Pictures will be returned after the book is delivered if a self-addressed stamped envelope is submitted to hold all pictures. The ad staff reserves the right to print a message of "senior congratulations" if ad copy/pictures are not submitted on the stated deadline date and page is due to the publisher.
